# 3<sup>rd</sup> ISE Community of Practice (CoP) gathering

2-4 April 2025

Sarajevo, Bosnia & Herzegovina | Hotel Hills Sarajevo Congress & Thermal Spa Resort

*A shuttle bus will be arranged between the city centre and the venue  
(find schedule and departure locations in the agenda)*

## AGENDA

Join us in **Sarajevo on the 2, 3 and 4 April** for three days of community building and joint work with the Interreg Euro-MED Innovative Sustainable Economy Community of Practice (ISE CoP).

The **ISE CoP** is a key element to build a strong network in the ISE Mission to increase the projects' impacts. It comprises **14 Thematic Projects (TPs)** and **2 Governance Projects** by offering a space of collective knowing and learning.

The ISE CoP is organised around four actions: **connect, learn, share, and collaborate**. In addition, new **Thematic Working Groups (TWGs)** will consist of structured discussions leading to **White Papers** on the 4 focus areas of the Mission. The upcoming key in-person gathering will serve as an opportunity to know in more detail about the **circular and innovative solutions** offered by the TPs and keep hands on work to find synergies and collaborative pathways.

A specific training will tackle **practical approaches to influencing citizen behaviour**, as it was one of the topics found of high interest by the TPs' partners. By the end of this session participants will be able to share and learn from existing behaviour change approaches across different focus areas; identify common barriers and success factors in citizen engagement; apply behavioural insights to enhance project outcomes; and design measurement approaches for behaviour change initiatives.

In addition, a **parallel session** will be held on Friday 4 April in the morning to further engage and collaborate with **local actors**, while working on other important matters in **collaborative conversations** format. These sessions have been co-organised and fine-tuned based on the needs of the stakeholders involved.

These three days gathering is organised by the Thematic Community Project (TCP, Community4Innovation) with support of the Institutional Dialogue Project (IDP, Dialogue4Innovation). The host partner is CENER21 (see [practical information](#)). All the activities in this programme will be held in English, except for the last day when translation services in local language will be provided.

## REGISTER

(upon invitation only)

**DAY 1**  
**02 APRIL**  
**WEDNESDAY**

TIME	ACTIVITY
<b>13:00-14:30</b> 90 min	<b>Registration</b> <b>Welcome Lunch*</b>
